

Welcome to the School of Engineering, Mathematics and Physics

Dr Silvia Ramos & Dr Mike Green

What is happening in welcome week?

- Explore the campus
- Explore the city
- Meet new people
- Settle into your accommodation
- Become familiar with key facilities and support

... and become familiar with your courses!

The School

- You are now a member of the School of Engineering, Mathematics and Physics
- Multidisciplinary School
- Approximately 70 academics
- Over 1000 students
- This is a place where you will be surrounded by other students with similar interests and goals

The School

The students in this room will be studying one of the following:

Engineering:

- Biomedical Engineering
- Digital Design
- Electrical and Electronic Engineering
- Electronic and Computer Engineering
- Mechanical Engineering

Mathematics:

- Actuarial Science
- Data Science
- Mathematics

Physics:

- Astronomy, Space Science and Astrophysics
- Physics
- Physics with Astrophysics

The School

- All of your courses are taught by experts in their disciplines
- They are at the forefront of research, scholarship or professional practice in their areas (and love to talk about it!)
- In the disciplines where professional accreditations exists, your courses are accredited (Actuarial Science, Physics, and Engineering).
- The skills we teach are well aligned with market demands in your areas

What can you expect from us?

- High quality teaching and resources
- Effective assessment, marking and feedback
- Timely communication of matters affecting you
- Support in your journey at University
- An inclusive and respectful learning environment

What we expect from you:

- Attend ALL scheduled events
- Work regularly on the material in your own study time
- Submit coursework in a timely way
- Ask questions
- Contribute to the School in an inclusive and respectful way

What we expect from you:

Be present and
engage

Expect Respect / Module: DP6636

Your introduction to our expectations around respectful behaviours, how to have challenging conversations and what to do if you experience or witness bullying, discrimination and harassment

Find out more

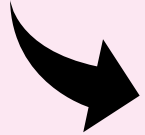

Academic Freedom and EDI

Academic Freedom, Freedom of Expression and Equality, Diversity and inclusion are fundamental values at Kent.

You can challenge beliefs and have diversity of thought in a respectful and considered way, appreciating and listening to another's perspective and respecting them as an individual.

Find out more

Report and Support

Kent is a very safe community, but if something happens then we take it very seriously.

Report and Support is Kent's online reporting tool for incidents of bullying, discrimination, harassment, sexual abuse or assault, and other unacceptable behaviours.

You can report for yourself or on behalf of another person, and reports can be named or anonymous. Named reports will trigger investigations.

You will be supported throughout by specialist staff.

Find out more:
reportandsupport.kent.ac.uk

Your journey:

Your journey:

Your journey:

Your journey: not just study and not alone!

- Academics (let me introduce a few!)
- Technical staff
- Student support team
- Kent Students' Union – www.ksu.co.uk
- Friends and networks, etc.

There are many opportunities to make your time at University the life transforming experience that it should be.

It is important to balance your studies with other responsibilities.
