

**Kent and Medway Palliative Care Research Meeting**  
**Research for Better Care**  
*Developing High Quality Palliative Care Research in Kent & Medway*  
**Thursday 15th November, 2012**

**Medway Campus, Rochester Building  
Boardroom R2-09  
(above The Gulbenkian Café)  
1:00 p.m. - 5:00 p.m.  
(including lunch)**

An afternoon looking at the research into end of life care taking place in Kent and Medway. This will include:

- Results on the research for patient benefit study on rapid response hospice at home.
- The latest NIHR palliative care portfolio studies recruiting in the region.
- Modafinil in lung cancer related fatigue
- Emotionality in Motor Neurone Disease
- Triggers for palliative care in chronic lung disease
- Dissertations from the MSc in palliative and supportive care.

**A full programme will be confirmed shortly**
