

**Apply now to
gain valuable
work experience
with a paid
internship!**

Kick start your career with a paid internship in a local business!

The [Santander Internship programme](#) offers final year students and recent graduates a unique opportunity to jump on the career ladder. The programme enables participating local businesses to recruit final year students and graduates (within the last two years) from Kent to undertake valuable work experience. All internships will last up to 3 months in duration and interns will receive at least £1,000 per month.

How do I apply?

The internships are being advertised via [careers](#) where you can apply directly to the companies. Please check the careers website regularly for new opportunities and for further information about how to apply for these internships.
