

Future Female Talent evening

Find out about careers at Close Brothers

We are looking for passionate, hardworking and ambitious graduates with at least a 2:1 degree and an interest in working in the financial industry.

If this sounds like you, why not join us for drinks and a buffet supper at our *Future Female Talent* event and learn about the exciting graduate career opportunities available at Close Brothers.

You will have the chance to participate in a panel Q&A with our senior leadership team, plus an opportunity to network with some of our female role models, including graduates and managers.

“The networking session was really useful. Everyone was so friendly and I learnt more about the particular role that I’m interested in.”

Future Female Talent evening
